

Freedom Portable Micromotor

Portable Compact Micromotor System

Small and lightweight tool that has plenty of power for high speed applications up to 30,000 rpm including light deburring, fine detailing, polishing and even grinding on metal, wood, glass and many other materials.

PRODUCT FEATURES

- 1/8" Collet (3/32" Collet adapter available)
- Digital RPM display at the top that makes it easy to monitor speed as you work. Front dial adjusts speed from 0-30,000 RPM
- Run time is approximately 5 hours or plug it in for day long use.
- Built-in lithium-ion rechargeable battery for the ultimate in portability.
- Perfect for users who work at multiple stations.
- Fan cooled, brush type continuous duty motor runs cool and vibration free. It has permanently lubricated, shielded ball bearings that require no additional lubrication.
- Handpiece has a twist release rotary type collet for easy changes.
