

HTSG-3S High Torque Air Grinder

Most powerful high torque grinder in the air micro grinder series.

Rotational speed is limited to 24,000 RPM providing a stable torque with constant grinding performance under load, making it ideal for mounted abrasives with low maximum RPM speed requirements. Designed to be highly effective in deburring and die polishing.

HTSG-3S High Torque Air Grinder

LIST Price \$275.00

Item# HTSG-3S - 3mm Collet

Item# HTSG-32S - 1/8" Collet

Collets are not interchangeable.

Product Features

- Double the torque of existing models providing powerful grinding operations at a constant rotation speed under load.
- Uses 40% less air than the existing models, reducing plant air consumption.
- Lightweight with an ergonomic body.
- Great performance with carbide burs, rubberized abrasives and mounted felts.

Tool Specification	
Speed	24,000 RPM
Air Pressure	0.4 MPa / 58 PSI
Air Consumption	75 NL/min
HTSG-3S Collet	3mm
HTSG-32S Collet	1/8"
Length	160.8mm
Diameter	16.7mm
Weight	135 grams
