

Premium Stoning Oil

An Ideal Lubricant for Use With Any Polishing Stone

Helps prevent the stone from loading up allowing the stone to cut more consistently and freely. The nearly odorless formulation is less hazardous than many stoning oil options such as kerosene.

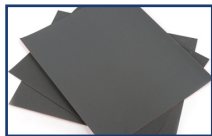

PRODUCT FEATURES

- Prevents stone loading
- Allows for more consistent and free cutting
- Nearly odorless
- Less hazardous than other lubricants such as kerosene
- Use on work piece/tool itself or as a stone pre-soak (remember to separate grits when soaking to eliminate grit cross contamination)
- Viscosity: 38/45
