

# U-LAP Profilers and Holders

*The perfect tool for polishing fine detail areas, ribs and slots.*

U-LAP Air Profilers offer excellent performance with BORIDE Mold Polishing Stones, Ceramic Super Stones, Cristones®, and other detail polishing stones.

## U-LAP AIR PROFILERS

U-LAPs are the perfect tool for polishing fine detail areas and offer excellent performance with BORIDE's Ceramic Super Stones, Cristones®, CNB-80 & CNB-120, Ceramic Diamond Stones, and 1/8 x 1/2 or Smaller Polishing Stones (1/4 x 1/2 holder available with some models).

- Use at 80 PSI (maximum 85 PSI) and must be used with oil in the line
- U-LAPS require the use of a 3-in-1 Filter, Regulator, Lubricator such as BORIDE's *Item MFRL2-G*
